

## **Learning Heroes Kids Coloring Book – edutainment for children**

Learning and fun in one ? Impossible? Answer: Learning Heroes Coloring Book. Application for iPad is a digital coloring book for children. In addition to the fun, the application teaches colors, and stimulates the creativity of young artists. Small size, clear screen, easy to use with only one key, and addictive fun with Learning Heroes Coloring Book makes iPads application will appeal to kids, well enough to take their time to last longer and give parents a break.

The application consists of 10 simple templates for painting, among which we find little red riding hood, footballers, butterfly, cat, rabbit, dragon, elephant or dog.

### **Simple and functional**

Developers create a simple and intuitive interface, so applications can use 3-year-old children. Simple graphics instead of text differs considerably Learning Coloring Book Heroes from the standard iPad applications. The interface resembles a pencil box with crayons, felt-tip pens, brushes, eraser and a bucket of paint with auto-fill. Each of these tools can be enlarged or reduced to match the painted area. In addition, 12 color palette of rainbow colors can conjure up a little artist, true works of art. Coloring fun to be accompanied by cheerful music.

The application also provides other opportunities that will appeal to small explorers. By one movement, children can clean image and move to a pure template or by using the back arrow to return to the previous action. Touch-sensitive iPad's screen allows to paint several fingers at once.

### **Play and learn**

Learning Heroes Kids Coloring Book is not just entertainment, a way to spending free time, but also learning colors, names, selection, and painting. This simple game helps children develop hand-eye coordination. This is an application designed for children, tested by the youngest and therefore ideally suited to their needs. Of the ten templates to paint for children aged 3-8 years, two of which are available free of charge.
